

ANNOUNCEMENT

NTEGRATOR SECURES PROJECT WORTH S\$6.6 MILLION FROM A REGIONAL SERVICE PROVIDER

- ***Contract is a variation order in relation to an ongoing project that commenced last year***

Singapore, 4 February 2020 – Ntegrator International Ltd (“**Ntegrator**” or “**the Group**”), a leading regional communications network specialist and systems integrator, today announced that it has secured a contract totaling approximately S\$6.6 million from a Singapore-based regional service provider that is a repeat customer.

The variation order consists of additional works to an ongoing project as announced on 2 April 2019, which commenced in April 2019 and covers a two-year period, with an option to extend for a further period of one year. The scope of work for the projects includes the installation and maintenance works of pipelines, manholes, fibre and copper cables across the eastern and western parts of Singapore. The newly secured contract is expected to track the duration of the ongoing project secured earlier.

The new variation order contract is expected to contribute positively to the Group’s financial performance for the financial year ending December 31, 2020, subject to the timely completion of the project and effective cost management.

Mr Jimmy Chang, Managing Director of Ntegrator, said: “Amidst the current volatility in financial markets, this latest variation order serves as a confirmation of our track record and great working relationship with our current customers. Looking ahead, the Group strives to continually provide excellent service and products, meanwhile seeking to secure more contracts in our target markets of Singapore, Vietnam and Myanmar.”

About Ntegrator International Ltd

Established in April 2002 and listed on Catalist (formerly known as SESDAQ) three years later, on 26 October 2005, Ntegrator's core businesses include the design, installation and implementation of data, video, fibre optics, wireless and cellular network infrastructure as well as voice communication systems. The Group provides project management services as well as maintenance and support services.

Headquartered in Singapore, Ntegrator has operations in Singapore, Vietnam and Myanmar.
