- **Awarded by Diamond Media Joint Stock Company, one of the biggest Contact Centre Service providers in Vietnam**
- **Project includes the supply and implementation of the full turnkey supply, installation and commissioning of call centre systems**
- **To be Ntegrator's first and biggest Contact Centre project in Vietnam**

*Singapore, December 13, 2007* – Ntegrator International Ltd. (“Ntegrator”), a leading regional communications network specialist and systems integrator, today announced that it has secured another significant contract in Vietnam worth USD0.91 million (approximately S\$1.31 million), awarded by Diamond Media Joint Stock Company.

This brings the total contract secured in Vietnam for the current year to a total of S\$14.1 million. Diamond Media Joint Stock Company is one of the largest Contact Centre Service providers in Vietnam, serving most of the industrial parks located both in Hanoi and Ho Chi Minh. Apart from the local corporate customers, their client base also includes telco service providers, insurance companies, banks and manufacturers from Taiwan, Japan and Korea. With the commissioning of the state of the art contact centre, Diamond Media Joint Stock Company will be able to provide a wider range of services to its customers and help it to prepare itself for future opportunities in the area of customer relationships management services.

Mr Jimmy Chang, Managing Director of Ntegrator, said: “We are delighted to announce another contract we have secured in Vietnam, right after our recent win of four contracts from Viettel. Our successive wins of contracts further strengthens our good track record in the industry, and reaffirms the high standards we are able to consistently deliver.

“Recently, there has been a rising trend of corporate users outsourcing such contact centre services to specialists centres in Vietnam. With the rapid development growth in Vietnam, and as more businesses move to Vietnam, the growing demand for such services is expected to experience rapid growth. This will bring about more business opportunities for Ntegrator in the future.”

Under the terms of the contract, Ntegrator will provide the full turnkey supply, installation and commissioning of call centre systems using the Alcatel-Lucent product.

The project is scheduled to be completed in the current financial year, and is expected to have a positive impact on the earnings of the Company for the financial year ending December 31, 2008.
