NTEGRATOR SECURES EXPANSION CONTRACTS FROM LEADING TELCOS IN SINGAPORE AND THE REGION

- **Signs Four Contracts worth S\$3.4 million**
- **Total Outstanding Order Book Increases to S\$46.8 million**

Singapore, January 26, 2010 – Ntegrator International Ltd (“Ntegrator” or “the Group”), a leading regional communications network specialist and systems integrator, has begun the year with the confirmation of three expansion plans on existing contracts with MobileOne Ltd (“M1”), Viettel Import Export Limited Company (“VIETTELIMEX”) and Myanmar Posts and Telecommunications (“MPT”) and a fourth contract from Singapore Telecommunications Ltd (“SingTel”) for the purchase of a Tester.

These four new contracts have increased Ntegrator’s total outstanding orders to S\$46.8 million. The newly secured contracts are expected to contribute positively to the Group’s earnings in FY2010 and are scheduled to be completed in FY2010.

“Although the total consideration for these contracts is not large, the contracts are significant in that they signal our strong and continuing relationships with the leading telcos in Singapore and the region,” said Mr Jimmy Chang, Managing Director of Ntegrator.

All four telcos are Ntegrator’s long-time customers, providing repeat businesses to the Group since it commenced operations in 2002. SingTel and M1 are two of the largest telcos in Singapore while VIETTELIMEX is the second largest telco operator in Vietnam and MPT is the State-run telco in Myanmar.

The M1 contract will provide infrastructure expansion to the Synchronous Digital Hierarchy (“SDH”) infrastructure, which Ntegrator installed previously under the earlier Phases 1 & 2 contract.

Under the terms of the contract awarded by VIETTELIMEX, Ntegrator will also provide expansion for the SDH infrastructure, which the Group supplied and installed under earlier contracts awarded by the Viettel Corporation.

The MPT contract is to facilitate expansion to its existing network for the SDH products while the SingTel contract for the purchase of a Tester is part of the telco’s continuing equipment purchase. Ntegrator has been an equipment supplier to SingTel since the Group’s establishment in 2002. In September last year, SingTel awarded the Group two contracts worth S\$22 million to roll out its Next Generation Nationwide Broadband Network.

“We are delighted to continue to play a key role in the development of the telco footprint in Singapore and the region,” added Mr Chang.
