**Singapore, October 31, 2013** – Ntegrator International Ltd (“Ntegrator” or “the Group”), a leading regional communications network specialist and systems integrator, has added another two contracts worth approximately US\$2.7 million (S\$3.4 million) to its order book, bringing total contracts won year-to-date to over S\$74 million, the highest since the Group’s inception over a decade ago. These latest two contracts are for the supply of communications equipment to Myanmar, Cambodia and Mozambique.

The first contract is awarded by the Myanmar Economic Corporation (“MEC”), a major Burmese conglomerate, for the supply of equipment and materials for ECI transmission equipment and accessories to Myanmar.

Mr. Jimmy Chang, Managing Director of Ntegrator, commented, “The contract from MEC is of significance as it is our fourth contract for the Myanmar market this year. It is exciting that the emerging economy has continued to create opportunities for industry players and we will continue to leverage on our strong business networks and track record to secure new contracts.”
