

## ANNOUNCEMENT & NEWS RELEASE

### NTEGRATOR ENTERS PERU MARKET WITH S\$7.0 MILLION TELCO CONTRACT

**Singapore, May 7, 2012** – Ntegrator International Ltd. (“Ntegrator” or “the Group”), a leading regional communications network specialist and systems integrator, announced today that it has expanded its presence to South America with a maiden contract win in Peru.

The US\$5.5 million (S\$7.0 million<sup>1</sup>) contract is awarded by Ntegrator’s repeat customer, Viettel Global Investment Joint Stock Company (the “Viettel Group”), for the delivery of ECI Telecom’s Dense Wavelength Division Multiplexing (“DWDM”) equipment to its subsidiary in Peru – Viettel Peru S.A.C.

Mr Jimmy Chang, Managing Director of Ntegrator said: “We are pleased to once again partner the Viettel Group as it expands to new markets. The strong working relationships we have forged with leading regional telcos position Ntegrator well to grow in symbiosis with their expansion plans.”

This is the second new market contract Ntegrator has secured from Viettel, one of the Group’s key customers in Indo-China since 2002. In August 2011, the Group secured a contract to supply SDH equipment to Viettel Mozambique, a subsidiary of the Viettel Group in Africa.

<sup>1</sup> Based on exchange rate of US\$1:S\$1.271

This latest contract comes on the back of seven new contracts worth a combined S\$7.5 million, which was announced in March 2012. Together, these contracts have brought the total value of Ntegrator's contracts secured in the year-to-date to S\$14.5 million, all of which are scheduled to be completed within the financial year ending December 31, 2012 ("FY2012"). They are expected to contribute positively to the Group's earnings in FY2012.

"Moving forward, it is our strategy to work closely with our key customers and business partners to further extend our geographical reach alongside with their expansion plans.

"With the growing interest in Indo-China, in line with political liberalisation and focus on infrastructural developments including telcos, we are well-positioned to benefit from this anticipated strong business growth," Mr Chang added.

#### **About Ntegrator International Ltd**

Established in April 2002, Ntegrator was listed on Catalist (formerly known as SESDAQ) on October 26, 2005, after three straight years of profitable growth. Ntegrator's core businesses include the design, installation and implementation of data, video, fibre optics, wireless and cellular network infrastructure as well as voice communication systems. The Group also provides project management as well as maintenance and support services.

Headquartered in Singapore, Ntegrator has operations in the region, covering Singapore, Vietnam, Myanmar and Thailand.
