NTEGRATOR WINS 4 CONTRACTS WORTH S\$15.5 MILLION

- Total Outstanding Order Book Increases to S\$52.3 million

Singapore, August 10, 2010 – Ntegrator International Ltd (“Ntegrator” or “the Group”), a leading regional communications network specialist and systems integrator, has secured another four contracts to expand on existing projects with repeat customers - Vietnam’s second largest telco operator, Viettel Corporation (“Viettel”), Myanmar’s State-run telco, Myanmar Posts and Telecommunications (“MPT”), a cable TV provider in Myanmar, Forever Group Company Limited (“FGCL”) and a subsidiary of Singapore Power, SP Powerassets (“SPPA”).

These contracts have increased Ntegrator’s total outstanding orders to S\$52.3 million. The majority of these contracted project work scope is expected to be completed within this financial year. Hence, they are expected to contribute positively to Ntegrator’s financial performance in FY2010.

“These contracts for repeat customers who had been giving us continuing contracts since our Group commenced business in 2002 attest to our trusted track record and strong technical expertise in providing customised solutions for network infrastructure and voice communication systems,” said Mr Jimmy Chang, Managing Director of Ntegrator.

“More importantly, they signal the close relationships we have with the leading telcos in Indo-China for whom we continue to work together to extend and expand their telecommunications footprints,” he added.

The Viettel contract involves the supply and installation of a Synchronous Digital Hierarchy (“SDH”) Expansion to expand its transmission network access capacities and a Dense Wavelength Division Multiplexing (“DWDM”) Expansion to increase the telco’s optical backbone nation-wide, from Hanoi to Ho Chi Minh City.

The MPT contract involves the supply and installation of transmission equipment - the ECI XDM-1000 and MWD TV Transmission Equipment - to enhance transmission from its existing network in Myanmar.

The contract for FGCL includes the supply of Intek DVB-T Set Top Box, Convenient Conditional Access System, Electrosys Transmitters, RFS Antennas, UPS, Cameras and Accessories.

The SPPA contract is for the delivery, installation and commissioning of an Optical Digital Network System, which includes a seven-year maintenance service contract.

“We are particularly pleased to have secured a long seven-year maintenance contract from SPPA as it has significantly increased our stream of recurring income. We plan to build up our maintenance contracts to grow a steady stream of recurrent income,” added Mr Chang.
